

ABC DERIUM

BY SHEA MURPHY

ABC DERIUM
DESIGNED BY SHEA MURPHY

This book is a collection of typography paired with a series of photos that I took from a spontaneous trip to London and Paris. You'll find 26 unique typefaces matched with 26 photos filled with art, food, nature, architecture, and little quirks I found on my adventure. I hope you feel as though you are wandering through London and Paris streets and feel the excitement and beauty that both cities bring. I'm grateful for the memories I made there and am thrilled to share them. Enjoy :)
